Mission Statement

The focus is on collaborating, connecting, idea exchanging, working together for mutual success and growing both professionally as well as personally.

From the President...

The Business Women's Network of York Region holds two events monthly where women can go to make connections for business and pleasure!! The women in our Membership are a wonderful resource for most of your business needs, ranging from small business to professionals.

I look forward to another year of bringing women together in an old-fashioned way, realizing that we are women and having fun with that together as we tune-up our business skills. Our concentration is on toning our business plan while developing relationships so that we can do business together with trusted referrals.

We have amazing business women in York Region and we look forward to learning about more of their businesses in the future !!

Elizabeth Johnston

Board of Directors:

Business Women in Cahoots!

The Business Women's Network of York Region meets twice monthly at different venues and businesses around York Region making it easy for Business Women to meet other like-minded people in an atmosphere geared at creating business contacts. Due to the size of the area which the network covers, you will stretch into other markets that surround your area. Each month one event is for Members-only at no cost. Networking opportunities are held at breakfast, lunch, afternoon tea, cocktail party or dinner.

Mentor or be mentored!

We encourage all Business Women, those who want to share their successes and those who would like to learn from others. We wanted to provide a system where people can utilize each other's expertise and be in cahoots (collaboration) with each other.

Compliment ~ Don't Compete (so both grow)

Make new social & business contacts, meet "like-minded" people, enjoy both formal and informal social events, stay current on local & community issues, member directory and publicity for your business.

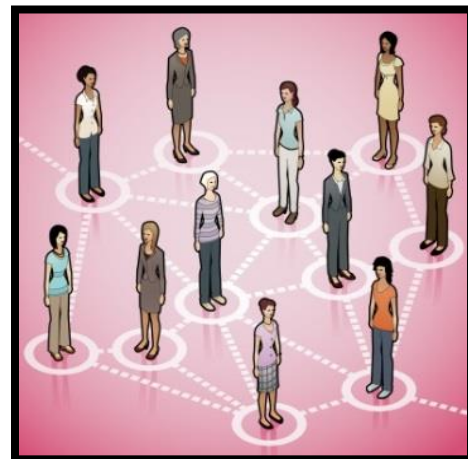

Be in business for yourself, not by yourself!!

The BWNYR Directory is printed twice a year and is listed alphabetically by first name.

Disclaimer - Important Information About The Directory:

Following is a list of our current Members, this list is not for distribution or direct sell ... this has been put together so that you may get to know the other women in the BWNYR, then do business with them!!

All the data contained herein is compiled from the information provided through Members. The BWNYR cannot verify the validity of all of the information provided and therefore makes no representations or warranties, express or implied, regarding its accuracy, completeness, or usefulness for any product or service. what makes us the most trusted source of community news and information?

- **Our readers** provide feedback and participation to help shape our strategies in content, editing, and design. Our readers are our partners.
- **Our history** began in 1852 with the Newmarket Era, and the Aurora Banner is now celebrating its 150th birthday. These and our other York Region newspapers continue to compile a written record of the key people, places and events that have shaped our communities.
- **Our advertisers** carefully invest in our Metroland community newspapers because we deliver results. Well-crafted local advertising is vital in keeping our readers informed.
 - **Our people** are our most valuable asset. They are local residents like you, and are active in our community. Their dedication and experience continues to win media awards, both nationally and internationally.
 - **Our technology** is keeping pace – and anticipating – the ever-changing needs of our readers and advertisers. We continue to invest in leading-edge digital media. We're growing with you!
 - **Our conscience** is firmly fixed on the environment, so we offer eco-friendly printing options, including SFI and FSC certified printing and 100% recycled and certified paper stocks.

Everest Tree Care

*Taking quality tree care
to new heights.*

Helpful Tree Care Hints:

Winter Pruning

Pruning during the trees dormancy will result in a vigorous burst of new growth in the spring; it is usually best to wait until the coldest part of winter has passed.

Best Time to Fertilize

Late April or early May before the flush of new growth.

Everest Tree Care can help prolong the life of your tree and its health.

Visit our website for more information on tips to maintain the health of your tree at www.everesttreecareontario.com or give us a call at
